Journal American Association of Nurse Anesthetists Volume XXXIX 1971 Index of Subjects and Authors

A

Abstracts, 61, 141, 216, 317, 407, 489

Adrenergic alpha and beta receptors, anesthetic implications on, 33

Adriani, John: Anesthetic Implications of Drugs that Act on Adrenergic Alpha and Beta Receptors, 33

Aldrete, J. Antonio: A Method for Evaluating Patients Recovering from Anesthesia, 290

American Association of Nurse Anesthetists: call to the convention, 242; convention program, 239; instructions to authors, IBC; nominees, 324; officers, IFC

Anectine, see succinylcholine

Anesthesia, dreaming associated with (abstract), 223; drug addiction and, 43; without halogenated agents, 275; evaluation of recovery, 290; Harrington rod instrumentation, 53; intravenous, 119; intravenous regional (abstract), 408; malignant hyperpyrexia during (abstract), 317; maxillo-facial injuries, 50; medico-legal problems in, 385; and myasthenia gravis, 285; pediatric, 467; regional, 460; for severely injured patient, 105; spinal fusion, 53; survey of, 371; in Sweden (abstract), 216

Atropine, effect on cardiac rhythm (abstract), 320; heart-rate changes following (abstract), 219, 220

B

Bakutis, Alice: Survey of Anesthesia Service: 1971, 371

Barbiturate intoxication (abstract), 218

Barton, Charles R.: Evaluation of Intravenous "Preloading" With 5 Percent Dextrose in Lactated Ringer's Solution Prior to Induction of General Anesthesia, 473

Beach, Thomas P.: Succinylcholine: Neurological Disease, Hyperkalemia and Cardiovascular Collapse, 191

Beatty, George F.: A Method for Evaluating Patients Recovering from Anesthesia, 290

Biggins, Dolores E.: Survey of Anesthesia Service: 1971, 371

Blood, massive transfusion, 105

Book Reviews: Anaesthetics For Nurses, 322; Anaesthetics, Resuscitation and Intensive Care, 494; Anesthesia and Neurophysiology, 146; Anesthesia and the Liver, 494; Baillière's Handbook of First Aid: An Elementary and Advanced Course of Training, 146; Blood Groups: A programmed learning manual, 60; Clinical Guide to Undesirable Drug Interactions and Interferences, 321; Complications of Anesthesia, 494; Essentials of Pharmacology in Clinical Nursing, 144; Foundations of Nursing and First Aid, 322; Highlights of Clinical Anesthesiology, 413; Inhalation Therapy Examination Review Book, 496; Interpersonal Processes in Nursing: Case Histories, 226; Law Every Nurse Should Know, 59; Legal Foundations of Nursing Practice, 145; Nurses' Illustrated Physiology, 495; Nursing Care of the Long-Term Patient, 323; Nursing in the Intensive Respiratory Care Units, 496; Nursing and the Social Conscience, 496; Pain Relief in Labour, 413; Pharmacology and Patient Care, 225; Physiological and Practical Aspects of Shock, 321; The Principle of Parsimony in Medicine and Other Essays, 59; The Principles and Practice of Surgery for Nurses and Allied Professions, 226; Principles of Measurement for Anesthetists, 323; Renewal of Nursing, 495; Scientific Foundations of Anaesthesia, 225; Team Practice and the Specialist, 146; Ventilation/Blood Flow and Gas Exchange, 144

Brachial plexus block (abstract), 318

Brangman, Goldie D.: Drug addiction and anesthesia, 43

Brown, Avis M.: The Crash or Resuscitation Team, 302

C

Calendar of Events, 78, 158, 243, 344, 430, 517

Campman, Keith L.: A Comparative Study of Droperidol vs. Hydroxyzine Hydrochloride as Premedication, 401

Children, anesthesia for, 467; dentistry in (abstract), 64

Cholecystectomy, studies of expiratory efforts (abstract), 61

Circadian rhythms, 135

Classified Advertisements, 67, 147, 227, 332, 415, 497

Costello, Mary Alice: Valium Induction, 185

D

Dacuronium bromide, effects of (abstract), 317

Degree program, 455

Dentistry analgesia for (abstract), 492; ketamine in (abstract), 64

Dreaming, associated with anesthesia (abstract), 223

Droperidol, 119; as premedication, 401

Drug addiction, 43

Drugs, effect on adrenergic alpha and beta receptors, 33

Dysautonomia (abstract), 491

E

Elam, James O.: Investigations of the Human Larynx During Anesthesia with the Aid of the Huffman Pharyngoscope, 130

Endotracheal intubation, paralysis following (abstract), 217

Endotracheal tubes, problems with cuff, 313

Expiratory efforts, studies of (abstract), 61

F

Fentanyl, 119

Forane (abstract), 319

G

Gaska, John: Investigations of the Human Larynx During Anesthesia with the Aid of the Huffman Pharyngoscope, 130

H

Halothane, effect on liver, 393; effect on mitosis (abstract), 407

Hamelberg, William: Halothane and the Liver: A Review, 393; Succinylcholine: Neurological Disease, Hyperkalemia and Cardiovascular Collapse, 191

Harrington rod instrumentation, anesthesia for, 53

Heart, effects of atropine (abstract), 320; lidocaine (abstract), 221; prilocaine (abstract), 221; rate changes following atropine (abstract), 219; rate changes following neostigmine (abstract), 219

Helms, Nona I.: Case Report: Renal Failure and Death Following Methoxyflurane Anesthesia, 484

Horn, Bernard: Medico-Legal Problems in Anesthesia, 385

Huffman, John P.: Investigations of the Human Larynx During Anesthesia with the Aid of the Huffman Pharyngoscope, 130

Huffman pharyngoscope, investigations of the larynx with, 130

Hydroxyzine hydrochloride, as premedication, 401

Hyperkalemia, following succinylcholine, 191

Hyperpyrexia, malignant (abstract), 317

Hypothermia, control of (abstract), 224

I

Innovar, see properidol; see fentanyl

Insurance, 57, 139, 214, 315, 405, 487

Intravenous anesthesia, trends in, 119

Intravenous regional anesthesia (abstract), 221; 408

Intravenous solution, acidity of (abstract), 407; preloading, 473
